NOTIFICATION.

No. 6.—ROYAL MILITARY COLLEGE, SANDHURST.

Intimation has been received from the Army Department of the Government of India that the usual entrance examination for the selection of Indian candidates for admission to the Royal Military College, Sandhurst, for the term commencing at Sandhurst in February 1927, will be held in Simla on the 26th September 1926 and the following days. The following information is published for the use of intending candidates:—

1. The Royal Military College is maintained for the purpose of affording a special military education to British candidates for commissions in the Cavalry, Infantry and Royal Army Service Corps of the British Service and to British and Indian candidates for commissions in the Indian Army. It is intended exclusively for those who desire to make the Army their permanent profession in life.

Anglo-Indian candidates are also permitted to compete at the entrance examinations under the same conditions as Indian candidates.

2 Candidates must be between the ages of 18 and 20 on the 1st January 1927 and must state their age *definitely*. No exception to the prescribed age limits can, in any circumstance, be made. Age limits.

3. Candidates must be prepared to pass a qualifying examination, the detailed syllabus of which is printed as Appendix A to this notification. The general educational standard required is that prescribed for the diploma of the Chief's Colleges, a school leaving certificate recognized by a Local Government, the Matriculation examination of an incorporated University or any higher examination. Qualifying examination and standard required.

4 Candidates will, in addition, undergo a special oral test which will be conducted by a Board of Officers convened under the orders of His Excellency the Commander-in-Chief. This test is to enable the Board to form an opinion as to the candidate's general character from the point of view of his suitability as an army officer. Oral examination.

Medical examination.

5. Candidates will be examined by a Medical Board at Simla and will not be accepted unless they are pronounced physically fit for His Majesty's service. The general standard demanded is that laid down in Appendix B to this notification.

The Board has power—

(a) To pass the candidate as physically fit.

(b) To report the candidate as unfit, but—

(i) In a case in which the defect can be cured by operation or treatment, to recommend that, if successful in the competition, he be re-examined by a Medical Board after such operation or treatment, or

(ii) In a case in which the candidate is slightly below one or other of the conditions as to height, chest girth, etc., enumerated in Appendix B and in which the Board considers that he is likely to attain the required standard before the time comes for him to be appointed to a commission, to recommend that, if successful in the competition, he be allowed to join the Royal Military College subject to the condition that, unless at the end of the course he is found to reach the standard which his increased age and height demand, he will not receive his commission.

(c) To reject a candidate as physically unfit.

A candidate who has been passed by a Medical Board as physically fit in connection with the previous Army Entrance Examination will *not* be exempt from being re-examined by a Medical Board.

Candidates are required to attach to their applications a *medical certificate from a competent medical officer* to the effect that they come up to the prescribed standard, *and also a vaccination certificate* that they have been successfully (or twice unsuccessfully) vaccinated within the last five years.

Parents' or guardians' declaration.

6. Candidates are required to furnish a declaration in the following form signed by their parents or guardians :—

"I, ——— father or guardian of ——— a candidate for admission to the Royal Military College, Sandhurst, am able and willing to pay the prescribed fees and meet the incidental expenses.

It is my intention to make the Army my son's ward permanent profession in life.

Signature of parent or guardian."

Free passage and travelling allowance.

7. Subject to the restrictions specified below, free passage will be admissible on the following occasions :—

(i) to selected candidates attending the medical and qualifying examinations in India from their homes and back ;

(ii) when nominated to join the Royal Military College, Sandhurst, from their residence to Great Britain.

The amount admissible on account of railway, river and sea journeys within Indian limits will be restricted to one first-class fare for each candidate. The amount admissible for road journeys will be restricted to the mileage rate of first-class civil officers when travelling on duty.

Applications for railway fares should be made to the Private Secretary to His Excellency the Governor of Madras. Passages by sea from India to the United Kingdom will be arranged by the Embarkation Commandant, Bombay, under orders from Army Headquarters.

No travelling allowance is admissible to candidates in connection with their journeys to Madras or Ootacamund, as the case may be, for the purpose of interviewing His Excellency the Governor.

Accommodation at Simla.

8. Unless a Government building is available, candidates will be provided, with private accommodation usually in a hotel at Simla. Candidates will be charged for messing, but the cost of the rent of the quarters will be borne by Government. Suitable arrangements will be made for those candidates who are precluded, by caste, from eating the food provided.

Candidates may arrange for quarters in the hotel other than those provided, but they will be liable for any additional cost incurred. Candidates will, on no account, be allowed to live elsewhere.

Parents or guardians must ensure that candidates are provided with sufficient funds to meet the cost of their expenses while in Simla.

In no circumstances will candidates or their parents, guardians, relatives, or friends, be permitted to interview any officer of the Army Headquarters Staff, other than the officer detailed for the purpose, or any other person connected with the examination or section of candidates. An attempt to do so is liable to entail the disqualification of the candidate.

Voyage to England.

9. Selected candidates will be sent to England in charge of a British officer, who will be appointed by Army Headquarters, and who will meet the candidates at Bombay. Each candidate will hand over to this officer at Bombay the sum of Rs. 300 to cover the cost of expenses incurred during the voyage to England.

To qualify for appointment to a commission from the third term a cadet will be required to obtain not less than 6* of the aggregate marks allotted to the term.

To count marks in any subject a cadet must obtain not less than 4 of the [illegible] marks allotted to that subject for the [illegible].

On all examinations a deduction of marks, up to 5 per cent of the maximum, will be made for handwriting which is difficult to read. A similar deduction, up to the same limit, will be made for bad English spelling.

These deductions will not reduce below the qualifying minimum the aggregate marks obtained by the cadet.

24. A cadet who fails to obtain the qualifying minimum of marks for any term will LOSE THAT TERM, and will forfeit all claim to compete for appointment

* This figure has been temporarily reduced to 5

to the Indian Army. He will be warned that if he fails at a subsequent examination he WILL BE REMOVED FROM THE COLLEGE

23. In order to ensure due diligence during the whole period of residence, there will be an examination at the end of each term conducted either by the instructional staff of the Cadet College or by independent examiners.

24. When a cadet passes out of the Cadet College, the Commandant will certify that all debts have been paid. In those cases where this certificate cannot be given, the granting of a commission will be liable to be withheld unless such debts are discharged.

25. All cadets are expected to pass the Regulation Army Test in swimming; those who cannot swim on joining the Cadet College must attend instruction in swimming. Any one who ultimately fails to pass the test will, at the discretion of the Commandant, lose not more than 200 marks he has gained in physical training.

26. The case of a cadet who misses an examination or part of an examination, owing to sickness or through no fault of his own, will be specially considered by the Commandant, who will report the action taken to the Under-Secretary of State, the War Office. In no case should more than 70 per cent of the marks allotted to the examination missed be allowed

28. Cases of protracted absence on account of ill-health will be referred to the War Office for decision

29. At each final examination there will be awarded—

(a) The King's Medal and a sword to the cadet who passes out first on the list.

30. At the end of each autumn term, the Anson Memorial Sword will be given in lieu of an ordinary sword to the cadet who passes out first on the list.

31. A cadet who drops a term from causes other than sickness, unavoidable on his part, will forfeit all claim to prizes, to the King's Medal, the Norman Medal, and to the Anson Memorial Sword.

CADET SCHOLARSHIPS.

32. Twenty-three Cadet Scholarships for the Royal Military College, in value, £30 each, will be open for competition half-yearly to cadets who have completed their first year of instruction at the Cadet College and who are sons of officers who gained their commission through an Officer Cadet Unit during the Great War.

33. Cadet Scholarships will be awarded to those cadets who are eligible under paragraph 32 and who are highest in order of merit according to the marks allotted under paragraph 37.

34. In the event of the number of candidates eligible under paragraph 32 falling short of the number of cadetships available, remaining cadetships will be open for competition to sons who are the sons of serving or retired officers of the Royal Navy, the Regular Forces and the Royal Air Force.*

35. A cadet who has been rusticated or who has dropped a term for other reasons than sickness (see paragraphs 54, 55 and 24) will not be eligible for a Cadet Scholarship.

(c) Marks for promotion gained during first year at the rate of 200 marks for corporal and 100 marks for lance corporal.

37. While no enquiry will be made into the means of the parents or guardians of cadets, Cadet Scholarships are essentially designed to give assistance to those who stand in need of the emoluments attached to them. Parents or guardians of cadets will therefore be invited to resign the emoluments of a Cadet Scholarship could they be in a position to do so, retaining the titular distinction for their sons or wards. The emoluments so resigned will be offered to the next cadet on the list who is eligible. A list of cadets to whom Cadet Scholarships have been awarded will be published each half-year

38. Should a cadet who has gained a Cadet Scholarship be subsequently called or removed, or dropped into a lower term than that in which he originally started on joining the Cadet College for other reasons than sickness (paragraphs 54, 55 and 24), he will be called upon to surrender the emoluments gained as a cadet scholar.

A cadet scholar who forfeits his scholarship will be liable to refund such portion as may be determined by the Army Council of the actual benefits that he has received as a cadet scholar.

* The decision as to what constitutes a "blue" and a "half blue" will rest with the Commandant

† In the event of one cadet qualifying under more than one head, the Commandant will be required to make a recommendation. No cadet can hold more than one scholarship

The amounts issued will be charged against Head 1 and Vote 10 as in the case of the pay of the officers. If an officer is transferred to Indian payment, a note will be made on the last pay certificate showing the period covered by the last payment

46. The winners of scholarships who can afford to do so will be given the opportunity of resigning the emoluments attaching to the scholarship in favour of those less fortunately circumstanced. In such a case, the winner would still retain the titular distinction.

3. The candidate's height will be measured as follows :—He will be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer-sides of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters.

4. The candidate's chest will be measured as follows :—He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder-blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded thus in inches, $\frac{33}{35}$, $\frac{34}{36\frac{1}{2}}$, etc.

In recording the measurements, fractions of less than half an inch should not be noted.

5. The candidate will also be weighed, and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The examination for determining the acuteness of vision includes two tests; one for distant, the other for near vision. The Army Test Types will be used for the test for distant vision, without glasses at a distance of 20 feet, and for the test for near vision without glasses, at any distance selected by the candidate. The standards of the minimum acuteness of vision with which a candidate will be considered fit are as follows :—

STANDARD I.

Distant vision.—V = 6/6.	V, without glasses = not below 6/60; and after correction with glasses = not below 6/24
Near vision.—Reads 0, 6	Reads 1.

STANDARD III.

Better eye.	Worse eye.
Distant vision.—V, without glasses = not below 6/9, and after correction with glasses = not below 6/6.	V, without glasses = not below 6/60; and after correction with glasses = not below 6/12
Near vision.—Reads 0, 6.	Reads 1.

Each eye must have a full field of vision as tested by hand movements.

Squint or any morbid condition of the eyes or of the lids of either eye liable to the risk of aggravation or recurrence will cause the rejection of the candidate.

Each eye will be examined separately, and the lids must be kept wide open during the test.

Inability to distinguish the principal colours will not be regarded as a cause for rejection, but the fact will be noted in the proceedings and the candidate will be informed.

The degree of acuteness of vision of all candidates for commission will be entered in the proceedings in the following manner :—

V.R. = ... ; with glasses = ... ; Reads....
V.L. = ... ; with glasses = ... ; Reads....

(c) That his teeth are in good order. He must have ten sound teeth in the upper jaw *functionally opposed* to ten sound teeth in the lower jaw. Two of these teeth in each jaw must be molars. Well-filled teeth will be considered as sound.

(d) That his chest is well formed and that his lungs and heart are sound.

(e) That he is not ruptured.

(k) That he does not suffer from any inveterate skin disease.

(l) That he has no congenital malformation or defect.

(m) That he does not bear traces of previous acute or chronic disease pointing to an impaired constitution.

* Severe varicocele is defined as follows :—

(1) Where the mass of veins is so great that it hangs down in front of the testicle when the candidate stands up.

(2) If the cord is elongated to such an extent that the testicle hangs at a level obviously lower than normal, of course, allowing for the fact that the left testicle is usually at a lower level than the right.

(3) If there is atrophy to such an extent that the affected testicle is substantially less than half of the bulk of the gland on the sound side.

(4) Undescended testicle should only be considered a disqualification when situated within the inguinal canal or at the external ring.

No. 112.—The following amendments are issued to the Madras Travelling Allowance Rules introduced by G.O. No. 739, Finance, dated 1st September 1922 :—

1. The following shall be substituted for the existing rules as shown below :—

(i) *Rule* 13.—"13. A fixed monthly travelling allowance may be granted by the Local Government to a Government servant who is required to tour within a specified area for not less than a given period in each month, quarter, half-year or year as the case may be. Where such an allowance is granted a 'day's travelling allowance' means the amount arrived at by dividing the travelling allowance for the specified period by the number of days on which the officer is required to be on tour. The allowance may not be drawn during leave or joining time."

(ii) *Rule* 14.—"14. At the end of each month, quarter, half-year or year for which a minimum period of touring has been prescribed,

every Government servant who draws a fixed travelling allowance must certify the number of days in which he was on tour during the period in question. If he has not toured for the prescribed number of days, his fixed travelling allowance will be reduced for each day in deficit by an amount equal to a day's travelling allowance."

(iii) *Rule* 15.—"15. A Government servant holding either substantively or in an officiating capacity two or more posts to each of which a fixed monthly travelling allowance is attached, may draw only the largest of the allowances."

(iv) *Rule* 16.—"16. A statement of fixed monthly travelling allowances, of the minimum touring prescribed and of the specified area for touring within which the fixed monthly travelling allowance is granted, is given in Annexure III."

(v) *Rule* 58.—"58. A fixed travelling allowance is intended to cover the cost of all journeys within the specified area and no other travelling allowance in place of or in addition to fixed travelling allowance can be drawn for journeys within that area provided that—

(1) a Government servant of Grade XVI may draw, in addition to his fixed travelling allowance a single fare for a journey by rail;

(2) if the specified area extends beyond the limits of a single district and the actual expense incurred on a duly authorized journey by a public conveyance exceeds double the fixed travelling allowance for the period occupied in such journey, a Government servant may, with the sanction of the Local Government or, in the case of a non-gazetted subordinate, of the head of his department, draw in addition to his fixed travelling allowance the difference between the actual expense incurred on, and double the fixed travelling allowance for the period occupied in, such journey."

NOTE 1.—The calculation of the period occupied in each journey shall be based on calendar days, a portion of a calendar day being reckoned as one day.

NOTE 2.—Sanction may be granted either by general or by special order.

(vi) *Rule* 59.—"59. A Government servant in receipt of a fixed travelling allowance who proceeds on tour under proper authority, beyond the specified area may draw mileage allowance or railway fare, when such are admissible under the ordinary rules, instead of the proportionate amount of fixed travelling allowance for the days on which such allowances are drawn. The mileage allowances or railway fare may be drawn for the entire journey including such part of it as is within the specified area. This rule does not apply to a Government servant who travels beyond the specified area in the course of a journey from one place to another in the specified area."

NOTE 1.—The term 'entire journey' includes the journeys performed on the days on which a Government servant proceeds outside and returns to the specified area, and journeys on tour outside such area. A halt for a portion of a day within the specified area shall not be reckoned as an interruption of the journey.

NOTE 2.—The term 'days on which such allowances are drawn' includes calendar days and portions of calendar days during which the journey is made

2. The existing rule 60 shall be omitted.

3. The annexure to these proceedings shall be substituted for the existing Annexure III

3. This examination is held during the second whole week of January at the Bengal College of Engineering and at the offices of the Accountants-General, Madras, Bombay, Bihar and Orissa (Ranchi), United Provinces (Allahabad), Punjab (Lahore), Burma (Rangoon), Central Provinces (Nagpur), the Comptroller, Assam (Shillong), and the Deputy Accountant-General, Central Revenues, Delhi.

4. Other centres of examination may be fixed by Accountants General, provided that the number of candidates is sufficiently large and suitable arrangements can be made for the conduct of the examination under the supervision of a gazetted officer.

5. Only candidates whose age does not exceed 24 years on the 1st January of the year in which the examination is held are eligible, but persons holding permanent pensionable appointments in Government service may be permitted to undergo the examination up to the age of 29 years.

NOTE.—The age-limit of 29 years for candidates in Government employ will come into force with effect from the year 1924. Candidates holding permanent pensionable posts under the Nizam's State and whose age exceeds 24 years will be admitted to the examination on the condition that they will not be eligible for appointment as Divisional Accountants under Government.

6. The candidate should apply to the Accountant-General of his province, except in the case of Delhi, where the application should be addressed to the Deputy Accountant-General, Central Revenues, Delhi, stating the centre at which he wishes to be examined and enclosing a fee of Rs. 12 and the following certificates and a registration form —

(*i*) Certificate of good character signed by the candidate's immediate official superior, by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed or to whom he may be well known The certificate must have special reference to the two years immediately preceding the date of the application, and this should be specially mentioned in the certificate.

(*ii*) A duly verified statement of age, e.g., a Baptismal Certificate, a Birth Certificate, an Affidavit signed by the guardian or a relative of the candidate before a Magistrate, or an attested extract from the Service Book if the candidate is already in Government employ.

"The application which should be written by the candidate in his own handwriting and the certificates in original (which will not be returned) should be submitted so as to reach the office of the Accountant-General concerned (or the Deputy Accountant General, Central Revenues) not later than the 15th November preceding the date fixed for the examination."

A graduate candidate for examination in Book-keeping only under paragraph 2 (*c*) above will also be required to pay the date full fee of Rs. 12

7. The Registration Form should set forth the following particulars —

(1) Name of candidate (including Christian or personal names in full).
(2) Father's name (in full).
(3) Nationality or class (i.e., European, Anglo-Indian or Indian) of candidate ; and, if Indian, caste or tribe.
(4) Date of birth.
(5) Present address.
(6) Examination passed.

(7) Signature and thumb mark of candidate, left hand, to be made in the presence of a well-known responsible person who knows the candidate.

(8) Signature, designation and address of above-mentioned witness (with date).

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior with a certificate that he is holding a permanent pensionable post if his age exceeds 21 years.

5. Applications which do not satisfy the requirements of the foregoing rules should be rejected without entering into further correspondence with the candidates. Other applications will be considered on their merits by the Accountant-General, whose decision as to whether or not the candidate should be allowed to appear for the examination will be final.

9. By the 1st December preceding the date fixed for the examination, the Accountant-General should forward to the Principal of the Bengal Engineering College for registration a statement showing in respect of accepted candidates only, their names, date of birth, addresses and the centres where they are to be examined. This statement should be supported by the accepted candidates' registration forms duly signed by the Accountant-General in token of acceptance and should be carefully preserved by the Principal.

10. Simultaneously each candidate should be informed whether or not his application has been accepted.

11. The fees of rejected candidates should be returned to them by postal money order at their cost, and those of accepted candidates should be remitted in consolidated sums to the Accountant General, Bengal, by means of Remittance Transfer Receipts, together with a covering letter containing the names of the candidates.

(1) If there is only one accepted candidate and the amount to be remitted is thus less than the minimum amount for which a Remittance Transfer Receipt can be issued, the amount may be remitted to the Accountant-General, Bengal, by money order, at Government expense.

12. As each examination is complete in itself, a candidate who has failed in an examination, and presents himself for an examination on a subsequent occasion, must undergo the full examination and furnish a fresh fee with fresh certificates and registration form. If from any cause the candidate fails to appear for the examination, the fee paid will not be refunded, nor will it be placed to his credit for any subsequent examination.

13. Examination papers for registered candidates only will be sent by the Principal to the officers conducting the examination in time for the fixed dates.

14. The examination will be held at all the centres simultaneously under the supervision of gazetted officers on the dates and at the hours fixed by the Principal, which should be communicated by the Principal direct to the registered address of each accepted candidate by registered post.

15. The results of the examination will be declared by the Principal within three months after the examination and communicated direct to each examinee, showing only the marks gained by him in each subject and the order of standing in the case of successful candidates. A few printed copies of the complete results of successful candidates only, showing (1) order of merit, (2) name (in full), (3) fathers' name, (4) date of birth, (5) examinations passed, (6) marks gained in each subject and in the aggregate and (7) address should be forwarded to each Civil Accountant-General, to enable him to maintain lists of passed candidates.

16. It must be distinctly understood that the passing of this examination does not give any claim to appointment as a Divisional Accountant, and that applications for appointment should not be addressed to the Principal. The passing of this examination is a necessary qualification, but the establishment of Divisional Accountants is mainly recruited by selection from amongst qualified clerks actually employed on accounts duties in the divisional and sub-divisional offices of the Public Works Department or in Civil Audit offices. A small number of graduates of Indian Universities and other persons of superior and special qualifications who may have passed the public examination, may however be appointed direct by the Accountant-General, *vide* paragraph 4 of Appendix 2.

17. These rules may at any time be amended or revised by the Auditor-General, who reserves to himself the power to grant exemptions from this public examination in very special cases. No general revision of the rules affecting the subjects of the examination or the necessary qualifications of candidates will be enforced until three years have elapsed since the date of such revision.

NOTE 1.—Applications for these rules should be made to the Accountant-General of the Presidency or Province in which the candidate lives.

NOTE 2.—The question paper of previous years may be obtained from the Officer-in-charge of the Book Depot, Writers' Buildings, Calcutta on pre-payment for each complete set of four annas or five annas if sent by post.

NOTE 3.—All communications to the Bengal Engineering College should be addressed to the *Principal, Bengal Engineering College, Botanic Garden P O*

NOTE 4.—All applications in connexion with exemptions should be addressed to the Accountant-General concerned and not to the Principal Bengal Engineering College.

No. 260.—In exercise of the powers conferred by section 3 (1), clause (a), of the Madras Agricultural Pests and Diseases Act, 1919, as amended by Madras Act VII of 1925, the Government, Ministry of Development, hereby declare that the plant known as "water hyacinth" (*Eichhornia speciosa Kunth*) is a 'noxious weed.'

Under section 3 (1), clauses (*b*) and (*c*), of the Act, the Government, Ministry of Development, prohibit the transport of the weed from one village to another or its transplantation from one water-source or receptacle to another in the Tanjore district for a period of one year from the 1st August 1926 and direct that the weed wherever found in the said district be killed.

No. 261.—In exercise of the powers conferred by section 21, clause (a), of the Madras Agricultural Pests and Diseases Act, 1919, the Government, Ministry of Development, hereby declare that in respect of the plant known as water hyacinth the word 'plant' shall include the 'seed of the plant.'

DEPARTMENT OF COMMERCE.

TARIFF.

Simla, the 3rd July 1926.

No. 367-T. (2).—The report of the Tariff Board on applications for the removal of the duty on spelter and for the enhancement of the duty on imported galvanized hardware was published for general information on Friday the 2nd July.

2. The Board recommend the removal of the duty on spelter, in accordance with the general principle enunciated in paragraph 113 of the Fiscal Commission's report that raw materials required for Indian industries should ordinarily be admitted free of duty. The principal Indian industries for which spelter is a raw material are:—

(1) the manufacture of brass and other alloys;
(2) the manufacture of galvanized sheet; and
(3) the manufacture of galvanized hardware.

The manufacture of galvanized sheet is already protected, and the Board have pointed out that there are special reasons in such cases for removing the duties on materials in order that the protective duties may be kept as low as possible.

3. The Government of India are of opinion that recommendations for the removal of duties based on general principles rather than on the immediate need of a particular industry should ordinarily be considered at the time of the Annual Budget. In this case, also, the statutory enquiry into the steel industry, which is now in progress, embraces the existing protective duty on galvanized sheet. The Government of India, therefore, have decided that the present recommendation of the Tariff Board that the import duty on spelter should be removed, should be considered at the time of the next Budget and in connexion with the further protection of the steel industry, at the Delhi session of the Legislature, 1927.

(4) The Board are unable to recommend the imposition of a protective duty on imported galvanised hardware, and the Government of India have accepted this finding.

No. 265.—The following resolution of the Government of India is republished:—

DEPARTMENT OF EDUCATION, HEALTH AND LANDS.

Simla, the 22nd June 1926.

No. 604-F.—In the Department of Revenue and Agriculture Resolution No. 1s F/70-3, dated the 22nd June 1912, it was stated that the Secretary of State for India had sanctioned the institution at the Forest Research Institute and College, Dehra Dun, of an entirely separate course of training of two years' duration for candidates for direct appointment to the Provincial Forest Service. The course was initiated from 1st November 1912, and the arrangements, under which selection and appointment of candidates were to be conducted, were also explained. Local Governments were given full authority to

select candidates in such a manner as they thought best, subject to the condition that only candidates who were in all respects qualified by previous education, more especially in English and Mathematics, thoroughly to follow and profit by the course of instruction, were nominated to undergo this course at Dehra Dun.

2. The Government of India have had under consideration for some time past the question of the training of probationers for the Indian Forest Service and with the approval of His Majesty's Secretary of State for India have now decided that Indian probationers for that service will ordinarily be trained in future at the Forest Research Institute and College, Dehra Dun. Steps are accordingly being taken to give effect to this decision and it is hoped that it will be possible to commence this training at Dehra Dun with effect from the 1st November 1926.

3. This decision has necessitated reconsideration of the instructional activities of the College at Dehra Dun. After careful examination of the question, the Government of India have come to the conclusion that it will not be possible to fit in a course of training for Provincial Forest Service Officers at Dehra Dun side by side with that for the Indian Forest Service. They have accordingly decided that the Provincial Service course should cease after the end of March 1928, when those who entered the College in April 1926 will have completed their training. The Government of India believe that this decision will cause little or no inconvenience to Local Governments as for some considerable time past the students who have undergone this course of training have been drawn mainly from Indian States. Such students will in future have the choice of either the Ranger's course or the Indian Forest Service course if they possess the requisite preliminary qualifications for the latter training.

4. The Government of India propose to make no change in respect of the training of Rangers at the Ranger College, Dehra Dun. The present institution serves to train Rangers for the Punjab, the United Provinces, Bengal, Assam, and the adjacent Native States, and its maintenance would in no wise interfere with the new course which it is proposed to initiate, while the elimination of the Provincial Service course would render it possible to train Rangers in future to a higher standard than at present.

No. 749.—The Board of Commissioners for Hindu Religious Endowments brings to the notice of Government that the temple of Sri Virabhadraswami at Vidavalur village in Kovvur taluk, Nellore district, has been in a ruined and neglected condition for the last 40 years. It is reported that no remains of the temple are to be found except a few broken walls, that the idol is exposed and is found to have cracks in one or two places, and that the Archaka who is in possession of the temple lands (about 2 acres and 44 cents) is not utilizing their income for the purposes of the temple. In the circumstances the Board requests the Government to apply to the temple all the provisions of the Madras Hindu Religious Endowments Act, 1923, except section 65 (1) (which relates to the levy of contribution towards the expenses of the Board) though its annual income is less than Rs. 250, so that a scheme may be settled for its administration providing for its renovation and maintenance from the income derived from the lands. Before issuing a notification under the proviso to sub-section (3) of section 2 of the Act as desired by the Board, the Government desire to know whether any trustee of, or worshipper at the temple has any objection to urge against such application. If no valid objection is received by Government within a month from the date of publication of this notification in the District Gazette, they will proceed to issue a notification under proviso to sub-section (3) of section 2 of the Act applying all the provisions of the Act except section 65 (1) to the said temple.

No. 750.—Grants amounting to Rs. 6·25 lakhs for the improvement of village communications and to Rs. 6·25 lakhs for the improvement of the water-supply in rural areas were distributed among local boards during 1925-26. The amount allotted to each district board for these two purposes and the amount expended up to 31st March 1926 are shown respectively in columns (2) and (3) and (6) and (7) of the statement appended to this order. The amounts which remained unspent in each district are shown in columns (8) and (9) of the statement. These amounts lapsed on 1st April 1926. In order that the works which were started with the aid of these grants may be completed the Government are pleased to reallot these unspent balances to all district boards except that of Anantapur. Orders in the case of Anantapur will issue separately.

2. District boards which are not carrying out the works themselves are requested to distribute at once the grants reallotted above among the taluk boards under their control and to report to the Treasury Deputy Collector of their district the amounts so distributed. When a taluk or district board makes a payment for a work to which these grants are applicable and presents a bill at the treasury, the Treasury Officer will credit in favour of that board an amount which will bear to the amount paid according to the bill the same proportion as the total Government grant allotted to the district or taluk board in 1925-26 under the head concerned bears to the total contribution under that head from all sources, viz., Government grant, District Board contribution, Taluk Board provision, etc. The President of the Local Board should send with each bill presented at the Treasury—

(1) a certificate signed by him to the effect that the amount has been spent for the purpose for which it was sanctioned and that the work has been actually carried out and duly paid for, and

(2) an explanatory memorandum showing how the proportion of the Government grant claimed to the total expenditure has been arrived at. The total grant paid to the Board should not exceed the amount allotted to it from Provincial funds. The grants should be spent before the end of the current year. The Government do not undertake to reallot next year any portion which the local board is unable to utilize before 31st March 1927.

3. Presidents of district boards are requested to submit to Government by 1st February 1927 a statement in the form annexed to G.O. No. 2636, L. & M., dated 23rd November 1923, showing the progress of expenditure on the works for which the grants have now been sanctioned.

4. The grants for the improvement of the water-supply will be met from the provision of Rs. 27,53,900 in the Civil Budget Estimate for the current year under '34. 5. Public Health—Grants for Public Health purposes—ii. Grants and contributions—Grants-in-aid—Miscellaneous—Non-recurring—Water-supply and drainage'. The grants for the improvement of village roads will be met from the provision of Rs. 13,00,000 made for non-recurring grants to local bodies for roads and bridges under the head '41. *g.* Civil Works—Grants-in-aid.'

5. The President, District Board, Tanjore, is informed that the diversion made by the Tiruturaipundi Taluk Board of a sum of Rs. 2,095 from the grant allotted for the improvement of the water-supply for the purpose of improving village communications cannot be allowed.

No. 757.—Under G.O. No. 3753, L & M., dated 14th October 1925, a draft of the rules which the Government proposed to make under the Madras Hindu Religious Endowments Act, 1923 (Act I of 1925), were published for public criticism. The Government have considered the suggestions received in respect of the marginally-noted rules and they now proceed to pass orders.

Rules 1 to 6, 20 to 51, 101 to 107, and 109.

2. The following changes will be made in the rules :—

(1) *Draft rule* 2.—The last sentence of this rule relating to the appointment of Honorary Assistant Commissioners will be omitted as the Government consider that it is unnecessary to provide for this matter in the rules.

(2) *Draft rule* 3.—The Government consider that an enquiry in judicial form should precede an order of punishment other than fine, in the case of every officer or servant irrespective of his salary. The first sentence of rule 3 will accordingly be recast as follows :—

"An inquiry in judicial form shall precede every order imposing any substantive punishment, other than a fine, on any officer or servant."

(3) *Draft rule* 4.—Under this rule as it stands an officer or servant whose maximum salary is less than Rs. 150 per mensem has no appeal at all. The rule will be modified so as to provide for an appeal to the Board against the President's order of punishment in the case of officers and servants whose maximum salary is less than Rs. 150 per mensem and for a second appeal to the Government in the case of officers and servants whose maximum salary is Rs. 150 per mensem or more.

(4) *Draft rule* 27.—The Government consider that this rule is superfluous in view of rule 29. The rule will accordingly be omitted.

(5) *Draft rule* 49.—The first sentence of the rule will be recast as follows :—

"Any person who is required to appear under rules 12, * 18 * or 30 * to produce a document shall on failure to do so, unless he proves to the satisfaction of the Board that such failure was not wilful but arose from circumstances beyond his control, be liable to a penalty not exceeding Rs. 100 for every such failure."

*Revised numbers.

(6) *Draft rule* 51.—The following sentence will be added at the end of this rule :—

"Where the trustee has refused to receive the notice mentioned in sub-rule (2) of section 66, the three months' time mentioned in that sub-section shall be calculated from the date of such refusal."

(7) *Draft rules* 105 *and* 103.—The Government approve the decision of the Hindu Religious Endowments Board that the fasli year should be adopted as its official year instead of the calendar year. The word 'fasli' will accordingly be inserted before 'year' wherever it occurs in the rules.

3. The rules as revised are now confirmed. The appended notification will be published in the *Fort St. George Gazette*. It should be republished in all the District Gazettes in English and in the vernacular language of the district concerned.

4. The Senior Translator to Government is requested to have the rules translated in Tamil, Telugu, Malayalam and Kanarese and forward the translations to the Superintendent, Government Press, for publication in the District Gazettes.

5. Separate orders will issue on the remaining rules.

APPENDIX

NOTIFICATION.

Under sub-sections (1) and (2) of section 67 of the Madras Hindu Religious Endowments Act, 1923 (Act I of 1925), the Government make the following rules.

RULES FRAMED UNDER THE MADRAS HINDU RELIGIOUS ENDOWMENTS ACT, 1923.

SECTION 6.

The draft of a notification proposed to be issued under sub-section (1) of section 6 shall be published in the *Fort St. George Gazette* in English. It shall be published in English and in the vernacular in the district gazette of the district over which jurisdiction is extended or from which jurisdiction is withdrawn.

SECTION 13 (*a*).

2. No post carrying a maximum salary of over Rs. 250 per mensem shall be created by the Board without the sanction of the Government nor shall the maximum salary of any post be increased by the Board to over Rs. 250 per mensem without such sanction.

3. An inquiry in judicial form shall precede every order imposing any substantive punishment, other than a fine, on any officer or servant. The charge or charges against the officer or servant shall be reduced to writing and communicated to him. The evidence against him shall be brought on record and explained to him and he shall be allowed reasonable time and opportunity to rebut the evidence adduced against him and to furnish in writing such explanation as he may have to offer. The order passed after such inquiry shall contain a statement of the charge or charges, the explanation of the officer or servant, an examination of the evidence for and against him and the finding on each charge. A copy of the order shall without delay be communicated to the officer or servant.

Appeal.

4. Every officer or servant of the Board shall have a right of appeal to the Board against an order of the President reducing, suspending, removing or dismissing him from service; and every officer or servant of the Board holding a post the maximum salary of which is not less than Rs. 150 per mensem shall have a right of further appeal to the Local Government against the order of the Board on his first appeal.

No appeal under this rule shall be entertained unless it is presented within one month of the date of receipt by the officer or servant of the order appealed against.

Explanation.

(1) The termination of the service of an officer or servant by the issue of a notice not on the ground that his post is no longer necessary but on the ground that he has been unsatisfactory in his work or conduct is a removal within the meaning of this rule.

(2) In the case of employees on probation the termination of their services during the period of their probation does not amount to any punishment and there is therefore no right of appeal.

Qualifications.

5. No person shall be eligible for appointment to any post under the Board carrying a salary of Rs. 40 per mensem or more unless he is qualified under the Public Service Notification for the time being in force for entry into the superior service under Government:

Provided that the Board may exempt any person from possessing the above qualification, the President being competent to exempt persons for a period not exceeding six months.

6. No person shall be appointed as the head accountant in the office of the Board unless he has passed the Government Special Test examination in the Account Test or possesses the Government diploma in Accountancy or other equivalent qualification.

SECTION 32.

7. No regulation or cancellation or alteration of a regulation made by a committee shall have effect until the same shall have been confirmed by the Board.

SECTION 39 (2), (3) AND (4).

8. The time allowed for an appeal—

(*a*) by any office-holder or servant of a temple other than an excepted temple against the order of a trustee to the committee,

(*b*) by a hereditary office-holder or servant of a temple other than an excepted temple against the order of a committee to the Board, and

(*c*) by any office-holder or servant of an excepted temple against the order of a trustee to the Board,

shall be in the case of appeals to the committee one month and in the case of appeals to the Board two months from the date of receipt by the office-holder or servant of the order appealed against.

SECTIONS 53 (1) AND (2) AND 59 (1) AND (3).

9. The consultation required under sub-sections (1) and (2) of section 53 and under sub-sections (1) and (3) of section 59 shall be made in the following manner. The Board shall by notice inform the trustee, the persons having interest and in cases falling under sub sections (1) and (2) of section 53 the Committee also if any of its intention to frame, modify or cancel a scheme of administration for the endowments of a temple or math and call upon them to submit any representations they may wish to make before a date to be specified in such notice. The notice shall be sent by registered post to trustees and presidents of committees. The affixing of copies of notices to the notice boards or front doors of the temples or maths concerned shall be deemed to be sufficient intimation to persons having interest. All representations submitted in time by trustees, committees or persons having interest shall be taken into consideration by the Board in settling, modifying or cancelling the scheme.

SECTIONS 53 (3) AND 59 (4).

10. Every order of the Board settling, modifying or cancelling a scheme under section 53 or section 59 shall be published in the notice board of the temple or math affected by the order and in the District Gazette of the district or districts in which the temple or math is situated; where the

order affects a temple, it shall also be published in the notice board of the committee, if any, within whose jurisdiction the temple affected is situated.

SECTIONS 58, 65 AND 67 (2) (c).

11. Inquiries by the Board under the Act shall be made either by all the Commissioners sitting together or when so authorised by the Board in a specific case or generally by by-laws framed under clauses (a) and (d) of sub-section (1) of section 15 by any one or more of them.

12. At any stage during the course of an inquiry the Board may, of its own motion or at the request of any party to an inquiry, issue summons to any person to give evidence as a witness or to produce any document in his possession and may examine him as a witness or require him to produce such document.

13. Every summons for the attendance of a person to give evidence or to produce a document shall specify the time and place at which and the day on which he is required to attend and also whether his attendance is required for the purpose of giving evidence or to produce a document or for both purposes; and any particular document, which the person summoned is called on to produce, shall be described with reasonable accuracy.

14. Any person present at the place of inquiry may be required by the Board to give evidence or to produce any document then and there in his possession or power.

15. Whoever is summoned to appear and give evidence in an inquiry shall attend at the time and place mentioned in the summons for that purpose and whoever is summoned to produce a document shall either attend to produce it or cause it to be produced at such time and place or cause such document to be sent to the Board by registered post so as to reach it at such time and place.

16. The summons shall be deemed to have been duly served on the person summoned if it is sent by registered post and an acknowledgment or refusal thereof has been received.

17. Service shall in all cases be made a sufficient time before the time specified in the summons for the attendance of the person summoned, to allow him a reasonable time for preparation and for travelling to the place at which the evidence is required.

18. A person summoned and attending shall, unless the Board otherwise directs, attend at each hearing until the inquiry is completed.

19. A person summoned either to give evidence or to produce a document shall along with the summons, be given such batta and travelling allowances as may be fixed by the Board.

20. It shall be competent to the Board to allow in addition any reasonable remuneration to any expert who may be summoned to give evidence for the time occupied both in giving evidence and in performing any work of an expert character necessary for or connected with the inquiry.

21. No summons shall be issued at the instance of a party unless the party first pays to the Board such sum, as in its opinion is sufficient to defray the travelling and other expenses of the person summoned in passing to and from the place of inquiry and for one day's attendance and the remuneration payable, if any.

22. Where it is necessary to detain the person summoned for a longer period than one day the party at whose instance he was summoned shall pay to the Board such sum as it may fix to defray the expenses of such detention for such further period and in default of such deposit the Board shall discharge the person summoned without requiring him to give evidence.

23. The petitioner has the right to begin unless the respondent admits the facts alleged by the petitioner and contends that either in point of law or on some additional facts alleged by the respondent the petitioner is not entitled to any part of the relief which he seeks, in which case the respondent has the right to begin.

24. (1) On the day fixed for the hearing of the inquiry or on any other day to which the hearing is adjourned, the party having the right to begin shall state his case and produce his evidence in support of the issues which he is bound to prove.

(2) The other party shall then state his case and produce his evidence if any and may then address the Board generally on the whole case.

(3) The party beginning may then reply generally on the whole case.

25. Where there are several issues, the burden of proving some of which lies on the other party, the party beginning may, at his option, either produce his evidence on those issues or reserve it by way of answer to the evidence produced by the other party; and in the latter case, the party beginning may produce evidence on those issues after the other party has produced all his evidence and the other party may then reply specially on the evidence so produced by the party beginning; but the party beginning shall then be entitled to reply generally on the whole case.

26. The evidence of the witnesses in attendance shall be taken orally in open office in the presence and under the personal direction of a Commissioner of the Board.

27. It shall not be necessary to take down the evidence of the witnesses in writing at length but as the examination of each witness proceeds, a memorandum of the substance of what each witness deposes, shall be written and signed by the presiding Commissioners or by the Commissioner as the case may be and shall form part of the record.

28. (1) Where the Commissioner of the Board is unable to make a memorandum as required in the above rule, he shall cause the reason of such disability to be recorded and shall cause the memorandum to be made in writing from his dictation in open office.

(2) Every memorandum so made shall form part of the record.

29. (1) Where a witness is about to leave the jurisdiction of the Board or other sufficient cause is shown to the satisfaction of the Board why his evidence should be taken immediately the Board may, on the application of any party or of the witness, at any time after the institution of the inquiry, take the evidence of such witness in the manner hereinbefore provided.

(2) Where such evidence is not taken forthwith and in the presence of the parties, if any,

such notice as the Board thinks sufficient of the day fixed for the examination shall be given to the parties, if any.

30. The Board may at any stage of an inquiry recall any witness who has been examined and may put such questions to him as they think fit.

31. The Board may at any stage of an inquiry inspect any property or thing concerning which any question may arise.

32. The Board may order that any fact or facts may be proved by affidavit, or that the affidavit of any witness may be read at the hearing, on such conditions as it considers reasonable; provided that where it appears to the Board that any party *bona fide* desires the production of a witness for cross-examination, and that such witness can be produced, an order shall not be made authorizing the evidence of such witness to be given by the affidavit.

33. (1) Upon any application evidence may be given by affidavit, but the Board may at the instance of either party order the attendance for cross-examination of the deponent.

(2) Such attendance shall be at the place of inquiry, unless the deponent is exempted from personal appearance therein or the Board otherwise directs.

34. (1) Affidavits shall be confined to such facts as the deponent is able of his own knowledge to prove, except on interlocutory applications, on which statements of his belief may be admitted provided that the grounds thereof are stated.

(2) The costs of every affidavit which shall unnecessarily set forth matters of hearsay or argumentative matter, or copies of or extracts from documents, shall (unless the Board otherwise directs) be paid for by the party filing the same.

35. Any person who is required to appear under rules 12, 18 or 30 or to produce a document shall on failure to do so, unless he proves to the satisfaction of the Board that such failure was not wilful but arose from circumstances beyond his control, be liable to a penalty not exceeding Rs. 100 for every such failure. The Court shall on the application of the President of the Board recover the fine imposed as if a decree had been passed for the fine by the Court against the person concerned.

SECTION 63 (4).

36. Every order of the Board under section 63 shall be published in the notice board of the temple or math affected by the order and in the official gazette of the district or districts in which the temple or math is situated. Where the order affects a temple it shall also be published in the notice board of the committee, if any, within whose jurisdiction the temple affected is situated.

SECTION 66 (1).

37. The amount of the costs, expenses or contributions payable by a trustee of a math or temple under section 64 or section 65 shall be notified to such trustee by registered post. Where the trustee has refused to receive the notice mentioned in sub-section (2) of section 66, the three months' time mentioned in that sub-section shall be calculated from the date of such refusal.

SECTION 67 (2) (*e*), (*f*) AND (*h*).

Leave.

38. The President and Commissioners and the officers and servants of the Board shall be eligible for casual and other leave to the same extent and subject to the same conditions and restrictions as Government servants drawing the same pay.

39. A Commissioner may, subject to a report to the President, avail himself of casual leave. Applications for any other kind of leave shall be submitted to the Local Government for sanction through the President who may sanction or refuse the same. The President may subject to a report to the Local Government avail himself of casual leave. Application for any other kind of leave for the President shall be made to the Local Government who may sanction or refuse the same.

40. All applications for any kind of leave from officers and servants of the Board shall be made to the President who may sanction or refuse the same.

SECTION 67 (2) (*f*).

41. Travelling allowance may be drawn by the President and Commissioners of the Board and by the officers and servants of the Board in accordance with the Madras Travelling Allowance Rules for the time being in force:

Provided that the President and the Commissioners of the Board shall not be placed below Grade III under the Madras Travelling Allowance Rules whatever the salary drawn by them may be.

SECTION 67 (2) (*g*).

42. The Board shall in the month of October in each fasli year frame a budget showing the probable receipts and the expenditure which it proposes to incur during the following fasli year and shall submit a copy of the budget to the Government before the end of October. The budget shall contain provision adequate in the opinion of the Government for the due discharge of all liabilities in respect of loans contracted by the Board and for the maintenance of a working balance; and if the budget as submitted to the Government fails to make these provisions the Government may alter any part of it so as to ensure that such provisions are made.

43. As soon as may be after the first day of February and not later than the first day of April in each fasli year the Board shall submit to Government—

(i) a report of its administration during the preceding fasli year in such form and with such details as the Local Government may direct, and

No 222.—RULES TO REGULATE THE RECOGNITION AND ADMISSION TO AID OF ELEMENTARY SCHOOLS IN THE AGENCY TRACTS.

Preliminary.

CHAPTER I.

Definitions.

1. (*a*) *Elementary Education* in these rules means education up to and including standard VIII.

(*b*) It shall mean the imparting of instruction in a vernacular, in reading and writing, arithmetic, drawing, nature study and physical training and in the case of girls' schools needlework.

It may also include the following additional subjects:—

Hygiene.	Civics.
First aid.	English or a vernacular
Geography.	of the Presidency and
History.	Practical instruction.

Note.—(1) In the earlier stages Kindergarten methods should be adopted.

(2) In the case of girls' schools practical instruction should include health and household management.

(3) Training in music may be provided for whenever possible.

(4) The Director of Public Instruction or the Agency Educational Officer may prescribe courses of study in all or any of these subjects.

(5) The practical instruction given should ordinarily have reference to the chief occupations or industries of the locality and the class of pupils.

2. *Attendance at school.*—The full school day should, as a rule, consist of at least four hours of secular instruction but two meetings each of not less than two hours, whether on the same day or on different days, may be counted as one school day. In respect of any school or standard the Agency Educational Officer may for special reasons direct that any course of less than four hours shall be treated as a full school day. In the case of the three lowest standards, instruction should not be given for more than two consecutive hours without a reasonable interval.

Minimum attendance for the year shall ordinarily be calculated in respect of at least 150 school days. The Deputy Inspector of Schools, should be notified of such times as the school is closed during the year.

3. In these rules the terms "Agency Educational Officer and Deputy Inspector of Schools" shall mean "Inspectress of girls' schools or Sub-Assistant Inspectress in charge of girls' schools" respectively in the case of girls' schools. The term 'Director' shall mean the 'Director of Public Instruction'. Manager includes also his accredited representatives.

Rule proposed.

CHAPTER II.

Rules for Recognition.

4. The recognition of elementary schools shall rest in the Agency Divisional Officer acting in consultation with the Agency Educational Officer. Each standard above the fourth shall be separately recognized. Recognition shall depend upon satisfactory evidence of the educational needs of the locality as well as of other points specified hereunder. Application for recognition should be made in the prescribed form—Appendix I to these Rules.

5. *Qualifications and number of teachers.*—The teachers should either hold trained teachers' certificates or be competent to teach the standards under their charge. In elementary schools with standards above the fifth the Headmaster should ordinarily hold a Trained Teachers' certificate of the Secondary Grade. This rule may, however, be relaxed in exceptional cases with the previous approval of the Director. Untrained teachers below the age of 35 should be sent for training at the earliest opportunity.

6 Recognition may be refused or withdrawn on account of the employment in a school of any teacher, whom the Agency Divisional Officer, after due enquiry, considers unfit to be a teacher.

7. There shall be at least one regular teacher for every 40 pupils on the rolls. While this number of pupils is to be in all cases the maximum permissible, it is very desirable that there should be a teacher for every 30 pupils.

8. *Protection from smallpox.*—The presence of pupils unprotected from smallpox may be regarded as a sufficient cause for the withdrawal of recognition

9. *Buildings, furniture and appliances.*—The building used for the school should be suitable, should be kept clean and should admit sufficient light and air.

10. The provision of much furniture need not be insisted upon, but there should be a supply of suitable pictures and other simple appliances. The Inspecting Officers may, for particular localities, prescribe or advise as to the nature of the furniture and appliances, necessary for schools in these localities.

11. *Text-books.*—No books (other than books for religious instruction) shall be used in the school by the teacher or pupils, which have not been approved by Government. A list of approved books for elementary schools will be published from time to time

12. *Registers.*—The following registers shall be kept in the prescribed form and produced to the Inspecting Officer when required:—

(1) Register of admissions and withdrawals—Appendix II.

(2) A register of attendance of pupils—Appendix III.

(3) A register of attendance of teachers—Appendix IV.

(4) A register of progress and conduct—Appendix V.

(5) An inspection book.

(6) A visitor's book—Appendix VI.

The registers must be carefully kept by the Headmaster and should be countersigned by every Inspecting Officer when he visits the school. No entry should be made in the inspection register except by an Inspecting Officer. The entries in the inspection book should be in a language understood by the Head teacher. In the visitors' book district officials and other visitors to the school may be invited to make remarks.

13. *Admissions and promotions.*—No transfer certificate shall be demanded from any pupil on admission to an elementary school. The pupil shall be placed in the standard which the Headmaster considers suitable. The Inspecting Officer may order the removal of any pupil from one standard to another, if it seems desirable; any such removal should be recorded in the Progress and Conduct Register in schools where such a register is maintained and in others in the inspection book.

14. *School-leaving certificate.*—On leaving the school, having passed through the fifth or any higher standard, a pupil shall on application be granted a school-leaving certificate in the authorized form if found by the Inspecting Officer entitled to it under instructions issued by the Director. These certificates are called Elementary School-leaving certificates and must be on the numbered forms issued by the Director.

15. *Medium of instruction.*—Instruction must be given through the medium of the vernacular of the pupils wherever this is possible. The exceptions would be cases of Muhammadans or pupils with a vernacular different from that of the bulk of the pupils.

16. *Course of study.*—The course of studies should be arranged and time tables drawn up in consultation with the Inspecting Officer, provided that where a course of studies has been drawn up by the Director or the Agency Educational Officer, such course of studies shall be adopted. School hours and vacations should be suited to agricultural or other conditions. The Inspecting Officer should record his opinion in the inspection book as to which subjects each teacher is qualified to teach and no other subjects should be attempted by him. Special care should be taken in this respect in regard to English.

CHAPTER III.

RULES FOR AID.

SECTION I.

Teaching grants on behalf of elementary schools.

17. *Scale of grants.*—Teaching grants will be calculated at the following rates:—

	Rate per year	
	Untrained teacher.	Trained teacher.
	Rs.	Rs.
For each teacher of the Lower Elementary grade.	60	84
For each teacher of the Higher Elementary grade.	84	120
For each teacher of the Secondary grade.	120	180

The grant thus calculated will be called the assessed grant.

18. *Fixing the amount of grants.*—The Inspecting Officers may propose for a school a reduction not exceeding 25 per cent of its assessed grant for defects in organization, discipline, instruction and accommodation, also on account of a diminution of the number of school meetings, an undue shortening of the school day or the portion thereof devoted to secular instruction, the presence of pupils unprotected from smallpox or insufficiency of funds. Intimation shall be given to the manager at the time of inspection or soon after, of the Inspecting Officer's intention to recommend a reduction of the grant together with his reasons therefor. They may, on the other hand, propose for a school an increase not exceeding 50 per cent of the assessed grant for attainment of a high standard of efficiency more especially for the introduction of any methods of teaching calculated to train the children's faculties and powers of expression and observation, proper attention to physical exercises and generally any attempt to fit the children for their position in life. The recommendation of the Inspecting Officers as regards either reduction of 25 per cent of the assessed grant or an increase of 50 per cent thereof shall be limited to exceptional cases. Cases of recommendation for increase of 50 per cent of the assessed grant shall not ordinarily exceed 10 per cent of the schools admitted to aid.

The assessed grants as modified by the increase or decrease proposed by the Inspecting Officers shall be called the "Assigned grant". The grants so assigned shall be subject to the orders of the Agency Educational Officer acting in consultation with the Agency Divisional Officer. Assignments of grants involving decreases of over 25 per cent or increases of over 50 per cent of the assessed grant shall be submitted by the Agency Educational Officer acting in consultation with the Agency Divisional Officer for the orders of the Director of Public Instruction who may on the report of the Inspecting Officer, or after enquiry determine the amount of reduction or increase or withhold it altogether and take such other measures as the occasion may appear to require in cases where there has been falsification of registers or misrepresentation regarding the employment of teachers or the attendance of pupils or any other fraud or irregularity or violation of any of the conditions of recognition and aid. Increases of the assessed grant by more than 50 per cent shall be confined to special cases where it is obvious that sufficient funds from other sources are not forthcoming; in particular such increased grants may be made to Higher Elementary schools and schools for girls and schools for aboriginal tribes. In all cases the payment of grants will be subject to the funds available for the purpose with the Agency Educational Officer; where funds are inadequate the grants should be reduced and distributed pro rata.

19. *Application for aid.*—Application for admission to aid in any official year shall be made to the Agency Educational Officer in the prescribed form (Appendix VII) through the Deputy Inspector of Schools in the month of September of the previous year. The Deputy Inspector will submit the application to the Agency Educational Officer with his recommendations so as to reach him not later than the 1st December following.

Applications for supplemental aid on behalf of deserving schools may be entertained by the Agency Educational Officer on other than the prescribed dates.

20. *Admission to aid.*—The Agency Divisional Officer in consultation with the Agency Educational Officer shall scrutinize the applications for aid and after considering the recommendations of the Inspecting Officers, shall determine what schools shall be admitted to aid. In determining this, he shall take into account the number, the character and the financial condition of the schools, the educational needs of the locality and the funds available.

21. *Tabulation of schools admitted to aid.*—The Agency Educational Officer shall draw up a consolidated list in the prescribed form (Appendix VIII) of all recognized elementary schools in each revenue district indicating those admitted to aid.

A list of schools not admitted to aid shall also be prepared at the same time, the reason for rejection being briefly indicated in each case.

22. *Publication of lists.*—The consolidated list drawn up for each district as prescribed in the preceding paragraph shall be published and shall be issued to Presidents of Local Boards, Treasury and Inspecting Officers, Revenue Officers, Agency Medical Officers and Director of Public Instruction.

23. Applications for change of management of an institution should be made to the Agency Divisional Officer through the Deputy Inspector of Schools.

24. *Annual inspection.*—In addition to any other visit which may be paid by an Inspecting Officer to an aided school there shall be an annual inspection. The date fixed for the annual inspection shall be communicated to the Manager at least seven days beforehand and at the same time the Manager shall be furnished with a form (Appendix IX). The form shall be filled up by the Manager and submitted on the day of inspection to the Inspecting Officer who shall compare it with the school registers and satisfy himself that the entries therein are correct. He shall submit it with a copy of the inspection report to the Agency Educational Officer.

25. *Payment of grants.*—The Agency Educational Officer shall prepare a grant bill in the prescribed form (Appendix X) for each school or for each set of schools under the same management in the same local area and having the same Manager. The Agency Educational Officer shall also sign such bills and arrange for the payment of the amount to the Manager.

SECTION 2.

Grants for school buildings and for Hostels or Boarding Houses for students.

26. *Objects of aid and sanctioning authority.*—Grants not exceeding Rs 250 may be sanctioned by the Agents to the Governor in Ganjam and Vizagapatam and the Government Agent, Godavari, in respect of the areas under their jurisdiction.

Applications for grants exceeding Rs 250 should be submitted to the Director through the Agents and the Agency Educational Officer. Grants not exceeding Rs. 2,500 may be sanctioned by the Director; those exceeding Rs. 2,500 require the sanction of Government. Grants may be sanctioned for the following purposes:—

(1) Purchasing, erecting, or enlarging school houses or buildings or students' hostels including residential quarters for the Warden or other staff attached to the hostel.

(2) Executing extensive alterations and repairs to buildings which have been newly purchased for school purposes and executing extensive repairs to school buildings damaged by cyclones, flood or other similar causes.

(3) Acquiring land for school or hostel purposes.

27. *Conditions for grant.*—(1) In the case of new buildings, extensions or alterations, the sanctioning authority must be convinced of their necessity and approve their character. In the absence of the special permission of the said authority these must not have been commenced before the sanctioning of the grant.

In the case of purchases of lands or buildings the sanctioning authority must either have been consulted before the purchase was made or be convinced that land previously purchased is to be newly devoted to an educational purpose.

(2) Grants will not generally be given for a school building that fails to meet the requirements specified in Appendix XI.

(3) Rooms in hostel buildings for the construction of which a grant is sought must be of not less than the following dimensions:—

Dormitories must be large enough, to allow, if for a single pupil, 80 superficial feet and 900 cubic feet; if for more than one pupil a proportionately diminishing space down to 30 superficial feet and 400 cubic feet per head for 10 or more pupils. A space of at least 8 superficial feet and 80 cubic feet per head should be provided in every room used as a dining room or for any other dwelling purposes other than sleeping.

28. *Building grant procedure.*—(1) Applications in the prescribed form as specified in Appendix XII shall be submitted through the Agency Educational Officer either to the Agent to the Governor in Ganjam, the Agent to the Governor in Vizagapatam, the Government Agent, Godavari, or to the Director accompanied by such outline plans as will enable the sanctioning authority to judge of the suitability of the proposal from an educational point of view. The sanctioning authority shall inform the Manager whether it is prepared to consider the question of a grant making, if necessary, alterations of the plans a condition of its so doing.

(2) In the case of applications for grants of Rs 1,000 and more the following procedure shall be adopted:—

If the Director's reply be favourable, the Manager shall then submit to him through the Agency Educational Officer in duplicate detailed plans, specifications and estimates (which may include Architect and Engineer's fees) prepared by a recognized Professional Architect, a member or associate member of the Institute of Civil Engineers, a gazetted officer of the Public Works Department, present or retired, or a present or retired District Board Engineer who will be responsible for the structural stability of the building. No building operations shall commence until after the issue of favourable orders on the suitability of the design and the reasonableness of the estimates. The Manager of the school in respect of which a grant is made will be required on completion of the work to furnish a certificate signed by the Architect or Engineer in charge of the work that a building

generally in accordance with the plans and specifications, which were submitted to the Director and on which the grant was sanctioned, has been completed and another certificate signed by the Manager himself that the full amount of the grant has been duly expended thereon.

(3) Where it is proved that private qualified professional advice is not available, and a grant-in-aid has been promised in respect of a building the Manager shall prior to the commencement of work thereon, give fifteen days' notice in writing to the Executive Engineer in charge of the division wherein it is proposed to construct the building. During the progress of the work, access thereto and every reasonable opportunity to inspect and examine materials and take measurements shall be afforded by the Manager to the officers of the Public Works Department.

NOTE.—Any Manager contemplating building operation for which he desires a grant, should apply to the Agency Educational Officer (1) a form of application for grant and (2) instruction for the preparation of plans and estimates

29. *Payment of grants*.—(1) Before the grant referred to in rule 28 (3) is paid in full, it shall be certified in the prescribed form (Appendix XIII) by the Engineer or other responsible officer deputed to examine the building that the work has been completed in accordance with the approved plan and estimates, or that the building is worth the amount on which the grant is claimed.

(2) Before any grant is paid the owner (or in cases in which the permission of the sanctioning authority has been obtained the Manager) of the property may be required to execute a mortgage of the property or a deed of acceptance in respect of the grant. Until further orders the forms of the various deeds shall be as shown in Appendices XIV, XV, XVI and XVII.

The Government Solicitor or Government Pleader will be permitted to charge fees not exceeding one per cent of the grant sanctioned, for an examination of titles and settlement of mortgages in connexion with building grants sanctioned for educational institutions.

(3) Grants sanctioned for any of the purposes mentioned in rule 27 (1) (2) except the purchase of buildings shall be drawn on bills prepared in the form printed as Appendix XVIII. Grants sanctioned for the purchase of buildings or for the purpose mentioned in rule 27 (3) shall be drawn on bills prepared in the prescribed form printed as Appendix XIX

(4) Advances may be made from time to time out of the sanctioned grant on the recommendation of the Agency Educational Officer provided that the sanctioning authority is satisfied that the work is proceeding satisfactorily

30. *Amount of grant*.—(1) The grant promised shall not exceed in the case of buildings to be erected one-half of the total cost of the work shown in the Manager's estimates as approved by the sanctioning authority and modified by the Public Works Department and in the case of buildings or lands acquired one-half of the Collector's estimates of the value of the same.

(2) The amount of grant to be actually disbursed shall be regulated by the actual cost of the work as finally completed. The grant promised with reference to the approved plans and estimates will be the maximum that will be paid, but the amount to be disbursed shall in no case exceed one-half of the actual cost of the work as finally executed. Before payment the sanctioning authority will require the Manager to furnish vouchers or certificates showing the amount actually expended in completing the work.

31. *Claims of the Government*.—If a building for the acquisition, construction, extension, alteration or repair of which a grant has been drawn, or if land, for the acquisition of which a grant has been drawn, has, prior to the expiration of 40 years from the date of payment of the grant, been diverted to purposes other than educational purposes approved by the Government, the Manager shall refund such portion of the grant as may be determined by the Government. If the Manager fail to make such refund, the Government may recover the amount by such means as it may think fit

SECTION 3.

Grants for furniture, books and appliances.

32. *Applications for aid*.—Applications for grants under this chapter which shall be in the prescribed form (Appendix XX) and which shall be submitted to the Agency Divisional Officer or to the Director through the Agency Educational Officer not later than 1st May, shall be accompanied by details showing the number, description and price of each article which it is proposed to provide.

Sanctioning authority.—Grants not exceeding Rs. 200 in each case may be sanctioned by the Agency Divisional Officer. Grants not exceeding Rs. 2,500 may be sanctioned by the Director; those exceeding Rs 2,500 require the sanction of Government.

33. *Objects and proportion of aid*.—(1) Grants not exceeding one half of the total cost may be given for furniture and for apparatus, chemicals, maps, diagrams and models; for books for school libraries; in connexion with expenditure on gymnasia and games up to a limit not exceeding the amount of fees for games collected during the preceding school year from the staff and pupils; for the plant, materials and tools needed in industrial and technical sections of elementary schools; for the purchase of garden or horticultural or agricultural tools; and for needle work or other art and industrial exhibitions.

(2) Grants shall not be given to meet the cost of seats or desks of a pattern which has not been approved by the department. In special cases grants may be given for books and slates for the use of pupils, on condition that the books and slates remain the property of the school, are used by the pupils during the school hours only and are not removed from the premises.

(3) Grants shall not be given for articles regarding which the sanctioning authority has not been consulted and for which aid has not been promised previously to purchase or manufacture.

34. *Payment of grant*.—The grant shall be paid only on submission through the Agency Educational Officer before the dates specified in the order sanctioning the grant of vouchers duly receipted. It shall be drawn on bill prepared in the prescribed form (Appendix XXI).

35. *Claims of the Government*.—If an institution which has received aid under this section is closed or is removed from the list of recognized schools, within five years from the date on which a grant under this chapter is drawn, Government shall be at liberty to purchase the articles towards the supply of which the grant was given, at a valuation to be made by an officer to be deputed by the Government for the purpose.

CHAPTER IV.

36. *Grants to enable villagers to erect and equip village school houses*.—Grants may be promised towards the erection or enlargement of village school houses or to provide living quarters attached to the school for a teacher, provided the villagers undertake to furnish sufficient materials and labour to complete the building.

Grants may also be promised for the equipment of such school houses. A village school which has received aid under this chapter shall remain the property of the village and will be in immediate charge of the village munsif.

Save in exceptional cases, grants sanctioned under this chapter shall not exceed Rs. 250 and for equipment Rs. 100. The latter amount shall be spent upon school furniture and equipment only. Grants to villagers for erecting and equipping village school houses up to a limit of Rs. 250 in each case may be sanctioned by the Agents to the Governor in Ganjam and Vizagapatam and the Government Agent, Godavari.

Grants to villagers for equipment of village school houses up to Rs. 100 in each case may be sanctioned by the Agency Divisional Officer.

APPENDIX XI.

[Chapter III, Section 2, Rule 97.]

INSTRUCTIONS AS TO THE SANITARY AND HYGIENIC REQUIREMENTS TO BE OBSERVED IN THE DESIGNING AND CONSTRUCTION OF SCHOOL BUILDINGS IN THE PRESIDENCY OF MADRAS.

Selection of sites.

In the selection of a site the following points should be weighed against considerations of economy, convenience, proximity to houses of parents, etc:—

(i) A site should not be selected if its natural position is in a hollow or in the neighbourhood of high trees or houses which prevent the free circulation of air and the access of sunlight to the school buildings. Shady trees are, however, of value in the playground provided that they do not unduly reduce the space available for play and are not planted so close to the school buildings as to obstruct the entry of light into the class rooms, or in course of time to cause damage to the structure.

(ii) Made soil should be avoided and, as far as possible, all soils which are specially retentive of moisture.

(iii) Sufficiency of space is important, and in this connexion the possibility of future extension and the necessity of giving subsequent class rooms the proper orientation should be borne in mind.

(iv) Channels and tanks in the vicinity are a disadvantage.

(v) The presence of rank vegetation, more especially prickly-pear, is objectionable.

(vi) The neighbourhood of dusty and noisy roads and of shops or factories should, as far as possible, be avoided.

2. All site plans should show the nature of the surroundings, the height of the neighbouring buildings, the north point and the direction of the prevailing wind.

Orientation of buildings.

3. This will differ for different parts of the Presidency and will depend chiefly on the best way to secure perflation of air. Subject to this the more buildings are lighted from the north the better.

Floor space.

4. When funds are available, they should be utilized in providing floor space in excess of the following *minimum* requirements:—

For Elementary schools.	9½	sq. ft. per pupil
For Secondary schools.	11	do.
For Training colleges and Technical schools.	15	do.

Rooms which are intended to be used for practical work, such as laboratories, drawing rooms,

workshops, etc., should be carefully designed with a view to the nature of the work and the number of students to be accommodated.

Composition of floors.

5. It is desirable that the floors should be made of a material which will admit of their being washed with water. Stone flagging or something better must be aimed at in rooms where desks or benches can be provided. Where the pupils have to sit on the floor, stone floors need not be insisted on if objected to. At the same time it must be recognized that from the hygienic point of view they are to be preferred and the objection on the score of their coldness can be met by providing boards or mats. But where this is done, the greatest care must be taken to ensure that the mats are kept scrupulously clean.

Seating arrangements.

6. The general principles which should govern the construction of desks are set forth in Annexure (i). Where dual desks are used, the desks may be arranged most suitably as shown in diagram, Annexure (ii).

7. Forms without backs and desks are objectionable, type-designs for desks are issued by the department.

8. Pupils should be seated in rows with the main light falling from the left side; they should never face the light. The same remark applies to the teachers.

Windows.

9. Windows serve two purposes—
(a) Admission of light.
(b) Admission of air.

10. They should be placed at regular distances so as to ensure uniformity of light.

11. Window sills should not be more than 4' from the ground in rooms in which the scholars are seated at desks. When pupils sit on the floor the sills should come to within 2½' or 3' of the floor level. Windows for subsidiary lighting may have their sills more than 4' from the floor.

12. The window area should not be less than one-fifth of the floor area and wherever possible the principal lighting should be from the north.

Doors.

13. Class rooms should not have to be used as passages from one part of the building to another. They should consequently not open into one another but into passages or verandas. No class room should have more than two doors and in most cases one is preferable. The door or doors should be at the teacher's end of the room.

Height of class rooms.

14. The minimum height of the room in secondary schools, training colleges and technical schools should be 12' to the tie beam, when the room has an open sloping roof and 14' to the under-side of the joists where the room has a terraced ceiling. In elementary schools the minimum height should be 10' and 12' respectively.

Ventilation.

15. Unless there are windows reaching to the top of the wall and capable of being opened, ventilators are necessary near the top of the wall. The ventilators should be regularly distributed in the same way as the windows. For each pupil 48 square inches of open ventilator should be provided.

Dimensions and fittings of class rooms.

16. It is important that no school or class room should be more than 24 in width, or otherwise the rows of pupils will be too long to be properly controlled by the teacher. The length of a room must depend on the number of classes to be held in it. In the case of a school divided into a number of class rooms, the dimensions of any room should not exceed 24' × 25', that is, an approximate square. If it is admitted that a square is the best area for teaching purposes, the length of a class room in a one-roomed school should approximate closely to some multiple of the width. Ample wall blackboard space should be provided especially on the wall at the teacher's end of the room which should be unbroken by doors, windows or cupboards. Cupboard recesses in other walls should be provided, also recesses with open shelving. Rails under the screens for hanging maps, pictures and diagrams are essential. The smallest class room for 40 boys in dual desks should be 21' wide and 25' long. The arrangement of such a room is shown in the enclosed diagram No. C A. 306 of 1917, Annexure (iii). To accommodate similarly desks of larger dimensions those of the room must be proportionately increased.

Roofs.

17. The roof should, as far as possible, be impervious to heat.

Sanitary arrangements.

18. Latrines should not be placed nearer than 40' to any school building. They should be so situated that the prevailing wind will not blow from them in the direction of the school.

19. The type-designs of the sanitary department should be consulted when planning latrines.

20. For boys' schools separate urinals and latrines should be provided. Separate accommodation should in all schools be provided for the teaching staff.

21. The number of latrine seats should be on the following scale:—

	Girls.	Boys.
Under 30 children	2	1
„ 60 „	3	2
„ 70 „	4	2
„ 100 „	5	3
„ 150 „	6	3
„ 200 „	8	4
„ 250 „	11	5
„ 300 „	13	6

22. There should be in addition for boys urinals at the rate of 4 per cent or if separate urinals are not provided the number of latrine seats should be correspondingly increased.

NOTE.—It is not intended that all these clauses should be applied in the case of elementary schools. In preparing plans for elementary school buildings only such points as refer specifically to elementary schools or as applicable to all classes of schools should receive attention.

ANNEXURE (i).

1. The seat should not be so high as to prevent the child resting its feet upon the floor, or on a footboard, and if the latter, the knees should not be elevated.

2. Assuming a child to be sitting upright in his seat and the arms to be hanging freely down the edge of the desk next the body should be

about an inch higher than the level of the elbows in the case of boys, and from 1½ to 1¾" in the case of girls.

(If the desk be higher than this, there is a tendency for the boy to be twisted and for one shoulder to be raised above the other with the consequent risk of lateral curvature of the spine.)

3. A line dropped from the edge of the desk ought to strike the edge of the seat or a point an inch or two within it.

(This arrangement obliges the child to assume an upright position which is best for the eyes and the spine.)

4. No seat should be without a back, and the top of this should be one inch lower than the edge of the desk in the case of boys, and one inch higher than the edge of the desk in the case of girls. (In schools which are graded, great inequalities will be found in the size of the scholars in each room, to meet which it is desirable to provide three sizes of desks. In schools of mixed ages there should be a large number of sizes.)

5. The desk must not be flat. It should slightly incline towards the child.

6. The seat should not be flat, but saddle-shaped. Change of position will be desirable.

7. The desks must be easy of access yet compactly arranged. The angle of vision for the teachers should be not more than 45°.

Height and dimensions.

(1) The sloping part of the top should be not less than 12" in width.

(2) The inclination should be about 2" and the slope should be about 1 in 10.

(3) The flat portion of the desk with groove should be from 2 to 3½" in width.

(4) The proper height allows the forearm of the seated child to rest horizontally upon the desk without discomfort—

(*a*) Youngest children 20" to 25" to the middle of the slope.

(*b*) Intermediate children 22" to 28" to the middle of the slope.

(*c*) Oldest scholars 30" to 36" to the middle of the slope.

The seat should be 16½" high.

(5) The back rail should be not more than 7" for younger children and not more than 10" for the older ones.

(6) The minimum space for each child should be 20" to 22" would be better.

(7) The width of the gangway should be 18" at least.

(8) The seats should be 8" wide.

ANNEXURE (ii).

Applications for scholarships tenable in college classes shall be submitted to the Director by the head or manager of the institution from which the student went up for the examination through the head or manager of the institution in which he or she intends to study. All applications should be dated. Separate forms should be used for each grade of scholarship. If one form is not large enough, the list should be continued on another form.

(3) All applications for scholarships should reach the Director or the District Educational Officer, as the case may be, before the 16th August 1926. Applications submitted after the prescribed date will not be considered.

(4) Scholarships tenable in higher elementary standards and in secondary schools will be sanctioned by the District Educational Officers at their discretion and subject to the conditions, if any, which have been specified in this notification; and those tenable in college classes by the Director. A. A. VENKATARAMA AYYAR,

Board (Land Revenue and Settlement),
Madras, 9th July 1926.

No. 5.—In virtue of the powers delegated under clause XI of Government Notification No. 465, dated 13th July 1896, published on pages 1203 and 1204 of the *Fort St. George Gazette*, dated 29th September 1896, Part I, as amended by Government Notification No 101, dated 15th March 1924, and in supersession of Board's Notification No. 12, dated 8th July 1925, the Commissioner of Excise hereby prescribes the following rules for the issue, etc., of licences under section 12 of the Madras Abkari Act I of 1886, for the tapping of toddy-producing trees and for the drawing of toddy therefrom, to have effect in the following local areas from the 1st day of October 1926:—

(1) The villages in the Agency tracts specified in Schedule I annexed.

(2) The rest of the Presidency with the exception of the Nilgiri district and the Wynad taluk, Anjengo, Tangasseri and the Attappadi valley of the Malabar district.

(3) The Banganapalle State.

2. Tree-tapping licences shall be issued on the application—

(*a*) of licensed toddy shop-keepers in areas in which the toddy shops are sold by auction or licensed separately;

(*b*) of persons having the exclusive privilege of manufacture and supply of cocoanut toddy arrack;

(*c*) of tappers on their own application in the South Kanara district, provided that the application for licence is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged to be correct by the shopkeeper to whose shop the toddy is to be taken;

(*d*) of tree-owners generally, and of sweet-toddy tappers in the villages of the Agency tracts specified in Schedule I, in the East Godavari district, in the Narsapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the West Godavari district, in the Repalle and Bapatla taluks of the Guntur district, for not more than five trees in the case of tree-owners and three trees in the case of sweet-toddy tappers for the drawing of toddy required for domestic consumption, but not for sale;

(*e*) of sweet-toddy tappers in Srikakulam Circle for not more than two trees for the drawing of toddy required for domestic consumption, but not for sale;

(*f*) of toddy shopkeepers or renters in the Mysore territory and in the Banganapalle State desiring to obtain toddy from trees growing in British territory;

(*g*) of toddy shopkeepers in the Pudukkottai State desiring to obtain toddy from trees in British territory provided that the application is certified or countersigned by the Salt and Abkari Inspector of the State, and

(*h*) of any member of a hill tribe whether a tree-owner or not, residing in any of the villages of the Vizagapatam district specified in Schedule II, for not more than five trees for each household for domestic consumption, but not for sale.

In cases (*b*), (*d*) and (*f*), the licences may be issued in the name of the applicant himself or of his nominee, and in cases (*a*), (*c*), (*e*), (*g*) and (*h*) in the name of the applicant only.

3. Persons wishing to apply for the grant of tree-tapping licences must first pay the fees for the first instalment thereof, as the case may be) due on account of the trees which they desire to tap, into a Government treasury, which may be either the District treasury or a Taluk treasury. Divisional officers may also empower heads of villages to receive payments on account of tree-tax and to grant receipts therefor. In the case of persons mentioned in rule 2 (*a*) and (*c*) the tree-tax must be paid into a Government treasury or to an authorized village officer in the taluk in which the shop is situated. Pudukkottai renters, when applying for trees in British territory, must pay the full tree-tax into a British treasury at the rates prevailing in British territory.

4. (1) Applications for the grant of tree-tapping licences must be made in the prescribed form to the Inspector, Excise Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors of the Excise Department and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications put in by shopkeepers and tappers need not be stamped; those put in by other persons must bear a court-fee stamp of one anna. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer; if payment has been made to a village head, the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildar's treasury and should present before the British Tahsildar or Deputy Tahsildar concerned, along with the application in Form T.T. 3, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree-tapping licence in Mysore. The tree-tax should be calculated at the higher rate if the rates are not the same on the two sides of the frontier.

(2) Applications for tree-tapping licences in the South Kanara district should be countersigned by the owner or person in possession of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the tree-tax in one instalment into the British treasuries and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will invariably be the higher rate in force, if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licences for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford rent thereto or for other sufficient reason and the mere payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licences for trees so reserved.

6. Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax, the rate being the same as in the Kurnool district. Similarly, those in the Banganapalle State will be allowed to tap trees in the adjoining British territory. Toddy shopkeepers in British territory adjoining the Pudukkottai State will be allowed to tap trees in that State on payment of tree-tax to that State at the higher of the rates prevailing on both sides of the frontier.

7. Persons applying for the issue of licences will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8. (1) On receipt of an application, the Inspector, unless he sees special cause to the contrary, will at once take steps for the marking of the trees by an officer of rank not lower than a Sub-Inspector and for the issue of the licence. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's discretion

(2) In the East Godavari district, in the Narsapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the West Godavari district, in the Repalle and Bapatla taluks of the Guntur district and in the villages of the Agency tracts specified in Schedule I, trees intended for the drawing of fermented toddy and those for the drawing of sweet toddy shall, as far as possible, be in separate topes or blocks.

9. Collectors may, from time to time, prescribe the maximum number of trees to be entered in an original application. They may also direct that the trees situated in one village only shall be included in an application.

10. Toddy shall not be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer.

11. For palmyra and date trees in the Presidency and for Dadapal (*Arenga Wightii*) trees in South Kanara, tree-tapping licences shall be annual, that is, in force from 1st October or any subsequent date to the 30th September immediately following, and for coconut and sago trees they shall be half-yearly, that is, in force from 1st October or any subsequent date to the 31st March immediately following, and from 1st April or any subsequent date to the 30th September immediately following, except in the case of the trees which have been illicitly tapped, on which the full tree-tax may be levied

12 The following shall be the fees payable on account of each tree for the tapping of which licence is applied for :—

District	Coconut palms (for each half-year as defined in rule 11 above.)	Sago palms (for each half year as defined in rule 11 above)	Palmyra or date palms (for the whole year as defined in rule 11 above)	Dadapal (*Arenga Wightii*) palms for the whole year as defined in rule 11 above).

In the case of "Kadaipalai" palmyra trees tapped at concession rates in the Tinnevelly and Ramnad districts, marking will be allowed from the 25th July. Tree-foot sales or sales in the open are absolutely prohibited.

(2) The District Magistrate or Subdivisional Magistrate to whom the proceedings are so submitted may make such further inquiry (if any) as he may think fit and may pass such sentence or order dealing with the case as he might have passed if such adolescent offender had originally been tried by him.

PART II

COMMITTAL TO BORSTAL SCHOOLS

Power of Court to pass sentence of detention in Borstal school.

8. Where it appears to a Court having jurisdiction under this Act that an adolescent offender should, by reason of his criminal habits or tendencies, or association with persons of bad character, be subject to detention for such term and under such instruction and discipline as appears most conducive to his reformation and the repression of crime, it shall be lawful for the Court, in lieu of passing a sentence of imprisonment, to pass a sentence of detention in a Borstal school for a term which shall not be less than two years and shall not exceed five years :

Provided that, before passing such sentence, the Court shall consider any report or representation which may be made to it as to the suitability of the case for treatment in a Borstal school and shall be satisfied that the character, state of health and mental condition of the offender and the other circumstances of the case are such that the offender is likely to profit by such instruction and discipline as aforesaid.

9. Any person detained in a Borstal school for failure to furnish security when ordered to do so under section 118 of the Code of Criminal Procedure, 1898, shall be released on furnishing such security or on the passing of an order under section 124 of the Code.

Power of Inspector-General to transfer prisoners to Borstal schools.

10. The Inspector-General may, subject to rules made by the Local Government, if satisfied that any adolescent offender undergoing imprisonment in consequence of a sentence passed either before or after the passing of this Act might with advantage be detained in a Borstal school, direct that such person shall be transferred from prison to a Borstal school, there to serve the whole or any part of the unexpired residue of his sentence. The provisions of this Act shall thereupon apply to such person as if he had been originally sentenced to detention in a Borstal school.

Preliminary inquiry and finding as to age of adolescent offender.

11. (1) Before passing a sentence under section 8 the Court shall inquire into the age of the offender and, after taking such evidence (if any) as may be deemed necessary, shall record a finding thereon stating his age as nearly as may be

12. Every adolescent offender directed by a Court to be sent to a Borstal school shall be sent to such Borstal school as the Local Government may, by general or special order, appoint for the reception of adolescent offenders so dealt with by such Court:

Provided that, if accommodation in a Borstal school is not immediately available for such adolescent offender, he may be detained in a special ward or such other suitable part of a prison as the Local Government may direct until he can be sent to a Borstal school. (*a*) such unexpired residue, or

(*b*) the maximum period of imprisonment fixed for the offence or the failure to give security as the case may be, or

whichever is shortest.

Power to release on licence.

15. (1) Subject to any general or special directions of the Local Government, the Inspector-General, on the

recommendation of the Visiting Committee, may at any time after the expiration of six months from the commencement of the term of detention, if satisfied that there is a reasonable probability that the inmate will abstain from crime and lead a useful and industrious life, by licence permit him to be discharged from the Borstal school on condition that he be placed under the supervision or authority of any Government officer, or secular institution, or person, or religious society professing the same religion as the inmate, named in the licence who may be willing to take charge of him.

Absence under licence to be counted towards period of detention.

19. The time during which a person is absent from a Borstal school under a licence shall be treated as part of the term of his detention in the school; provided that where that person has failed to return to the school on the licence being forfeited or revoked, the time which elapses after his failure so to return shall be excluded in computing the term during which he is to be detained in the school.
